Last amendment date 05.02.2025

Notes On 28 September 2001, the UN Security Council adopted Resolution 1373(2001) that inter alia foresees terrorist assets freeze measures. On 27 December 2001, the EU Council adopted Common Position 2001/931/CFSP and Regulation (EC) No 2580/2001 on the application of specific measures to combat terrorism, thus enabling the Council to designate persons and entities involved in terrorist activities. The designation entails an asset freeze and a prohibition from making funds and economic resources available. The designations are reviewed at regular intervals and at least every six months to ensure that there are sufficient grounds for keeping them on the list.

Derogations and exemptions to the restrictive measures are possible, including for the delivery of humanitarian aid.

Measures

Asset freeze and prohibition to make funds available

All assets of the listed persons and entities should be frozen. It is also prohibited to make any funds or assets directly or indirectly available to them.
